This split bedroom ranch is an economical yet optimized living space. A beautiful foyer leads into the spacious great room and on to the bayed dinette and functional kitchen. The 10' ceilings and transom windows in this main living area let in lots of natural light. The kitchen features a walk-in pantry and island where you can eat or just visit with the cook in the family. The lavish Master Suite with a tray ceiling, deluxe shower and oversized walk-in closet is the perfect private sanctuary. On the opposite side of the home are 2 spacious bedrooms and another full bath. The convenient mudroom and laundry room off the garage are perfect for today's active lifestyle.
