Sales Professional:

A popular split bedroom ranch, the Bristol has it all. From the expansive front porch into the foyer, you are drawn into the perfectly blended design of the living center featuring a beautiful fireplace and abundant natural light due to the 10' ceilings and transom windows that enhances the openness of the dinette and flows to the generous kitchen featuring an island with seating for 6.

The perfect Master Suite on one side, two ample bedrooms opposite with the Jack-n-Jill bath, powder room and a flex room are standard. Popular options include a deluxe master bath, larger secondary bedrooms or the relaxing and charming screen porch. This home design was recognized as People's Choice winner as well as multiple other awards at a recent MBA Parade of Homes. Let our design team tailor one to your exact needs today!
